FOREST PRODUCTS LABORATORY

In cooperation with the University of Wisconsin

MADISON, WISCONSIN

List of Publications on

LOGGING, MANUFACTURE, AND UTILIZATION OF
TIMBER, LUMBER, AND OTHER WOODEN PRODUCTS

September, 1936

INSTRUCTIONS FOR OBTAINING PUBLICATIONS

Publications available for distribution at this Laboratory are marked with an asterisk (*).

Single technical notes, reprints, and mimeographed reports may be obtained free upon request from the Director, Forest Products Laboratory, Madison, Wis. Technical notes, in quantity, may be obtained at the rate of \$1 per hundred copies (minimum order \$1); bound volumes containing not only the notes in this list but all the notes of this Laboratory may be purchased for \$1 per copy. Remittance should be made by certified check or postal money order to the Fiscal Agent, Forest Products Laboratory, Madison, Wis.

Federal government bulletins, circulars, and leaflets, if not available for free distribution at this Laboratory, may be purchased at the prices indicated, from the Superintendent of Documents, Government Printing Office, Washington, D. C. Send money order, draft, or cash; stamps or personal checks are not accepted.

Trade journals containing articles herein listed may often be purchased from the publishers or may be consulted at various libraries.

The Forest Products Laboratory reserves the right to furnish only those publications which in its judgment will give the information requested. Blanket requests or requests for a large number of copies of any individual article will not be filled except in unusual cases.

TABLE OF CONTENTS

This list includes publications that present the results of research by the Forest Products Laboratory on methods and practices in the lumber producing and wood consuming industries; standard lumber grades, sizes, and nomenclature; production and use of small dimension stock; specifications for small wooden products; utilization of little-used species and commercial woods; and low grade and wood waste surveys. Included also are other Government and commercial publications on these subjects.

OTHER PUBLICATION LISTS ISSUED BY THE FOREST PRODUCTS LABORATORY.....	36

GENERAL ECONOMIC REPORTS

- Conservation of natural resources, by Gifford Pinchot. U. S. Dept. Agr., Farmers' Bul. 327. 1908. Out of print.
- *Creating new values from southern woods, by C. P. Winslow. Hardwood Record, Apr. 10, 1929; South. Lbrman., May 11, 1929; Mimeo. R997.
- *Distribution of softwood lumber in the middle west, wholesale distribution, by O. M. Butler. U. S. Dept. Agr., Off. of Sec. Report 115. 1917. (U.S.Dept.Agr. Studies of the lumber industry, Pt.8.)
- *Distribution of softwood lumber in the middle west, retail distribution, by O. M. Butler. U. S. Dept. Agr., Off. of Sec. Report 116. 1918. (U.S.Dept.Agr. Studies of the lumber industry, Pt. 9.)
- Economic aspects of forest destruction in northern Michigan, by W. N. Sparhawk and W. D. Brush. U. S. Dept. Agr. Tech. Bul. 92. 1929. 25¢.
- *Economic and social importance of a sustained supply of raw material for the wood-using industries in the Lake States," by R. D. Garver. (Paper presented at the Lake States Forestry Conference, Madison, Wis., Apr. 24-25, 1935.) Mimeo. R1060.
- Forest resources of the world, by Raphael Zon and W. N. Sparhawk. 2 v. N. Y., McGraw-Hill Book Co., Inc., 1923. \$12.
- Hardwood problem of the northeast, by Austin Cary, Jour. Forestry, Nov. 1928.
- National lumber and forest policy, by H. S. Graves. U. S. Dept. Agr. Off. of Sec. Circ. 134. 1919. Out of print.
- National plan for American forestry: Report on Senate Resolution 175, by U. S. Forest Service. 1933. (Known as Copeland Report.) 2 v., 1651 p. \$1.75.
- Our forests, what they are, and what they mean to us. U. S. Dept. Agr. Misc. Pub. 162. 1933. 5¢.
- Policy of forestry for the nation, by H. S. Graves. U. S. Dept. Agr., Off. of Sec. Circ. 148. 1919. Out of print.
- Some public and economic aspects of the lumber industry, by W. B. Greeley. U. S. Dept. Agr., Off. of Sec. Report 114. 1917. Out of print.
- Timber depletion and the answer: Summery of report on timber depletion and related subjects, prepared in response to Senate Resolution 311, by U. S. Forest Serv., U. S. Dept. Agr. Circ. 112. 1920. 5¢.

GENERAL ECONOMIC REPORTS (continued)

- Timber depletion, lumber prices, lumber exports, and concentration of timber ownership; Report on Senate Resolution 311, by U. S. Forest Serv. 1920. (Known as Capper Report.) Out of print.
- Timber: Mine or crop? by W. B. Greeley and others. U. S. Dept. Agr. Yearbook Separate 886. 1922. 15¢.
- Timber ownership and lumber production in the Inland Empire, by D. T. Mason. Published by the Western Pine Mfrs. Assn., Portland, Ore. 1920. 50¢.
- Wood for the nation, by W. B. Greeley. U. S. Dept. Agr. Yearbook Separate 835. 1920. 5¢.

LOGGING

- American logging and sawmill safety code. U. S. Bur. Standards Handbook Ser. 5. 1924. Paper 40¢; cloth 60¢.
- Another reason why small trees should not be cut, by R. D. Garver and R. H. Miller. Jour. Forestry, May 1933.
- Cost of logging large and small timber, by W. W. Ashe. Forestry Quarterly, Sept. 1916.
- Cost of logging small timber, by W. W. Ashe. South. Lbrman., Oct. 31, 1914.
- *Cutting cull second-growth trees to improve hardwood stands, by J. B. Cuno. South. Lbrman., Dec. 15, 1930.
- Cutting hardwood timber in the southern Appalachians, by J. B. Cuno. South. Lbrman., Dec. 15, 1929.
- *Cutting the farm woodlot "profitwise," by R. D. Garver. U. S. Dept. Agr. Leaflet 30. 1928.
- Don't cut your trees in the roasting-ear stage, by R. D. Garver. Amer. Thresherman, Nov. 1930.
- Early history and development of log scaling practice, by C. E. Knouf. West Coast Lbrman., July 15, Aug. 1, 1919.
- Efficient logging practice, by R. D. Garver. Forestry in Wisconsin: official report of Wisconsin Commercial Forestry Conference, 1928, p. 94-95. 1928. H. L. Ashworth & Co., Milwaukee, Wis.

LOGGING (continued)

- Flexible logging equipment aids utilization, by A. H. Hodgson. West Coast Lbrman., Sept. 1, 1926.
- Flumes and fluming, by E. S. Bruce. U. S. Dept. Agr. Bul. 87. 1914. Out of print.
- *Forest Products Laboratory study to help small mill situation, by C. J. Telford. South. Lbrman., July 15, 1930.
- How to reduce the cost of cutting timber, by J. B. Cuno. Hardwood Record, Mar. 10, 1923.
- Instructions for making timber surveys in the national forests. U. S. Forest Serv. Misc. S-23. Rev. 1925. Out of print.
- Instructions for appraising stumpage on national forests. U. S. Forest Serv. (Misc.) Rev. 1922. 10¢.
- Instructions for the scaling and measurement of national forest timber. U. S. Forest Serv. Rev. 1935. 15¢.
- Logging in the Douglas fir region, by W. H. Gibbons. U. S. Dept. Agr. Bul. 711. 1918. 30¢.
- *Longleaf pine: Costs and returns for logs and trees of different sizes, by R. D. Garver and R. H. Miller. Mar. 1933. Mimeo. R972.
- Montana forest and timber handbook, by R. H. Cunningham, S. V. Fullaway, Jr., and C. N. Whitney. Feb. 1926. (State Univ. Montana Studies 1.)
- *The portable band sawmill and selective logging in the loblolly pine forests of North Carolina, by R. D. Garver and J. B. Cuno. U. S. Dept. Agr. Tech. Bul. 337. 1932.
- Quality of products from permanent operations in Gulf Region, by R. D. Garver. South. Lbrman., Aug. 1, 1931; Amer. Lbrman., Aug. 8, 1931.
- Log scale vs. lumber tally: A discussion of overrun and the factors affecting it, by M. Bradner and Philip Neff. Timberman, July 1926.
- Quality vs. size as an index to a profitable tree: Loblolly pine, by B. H. Paul. Jour. Forestry, Nov. 1932.
- Relation of size of tree to logging costs, stumpage values, and profits, by W. W. Ashe. Amer. Lbrman., Oct. 16, 1926.
- Relation of tree size to output for southern hardwoods, by R. D. Garver and R. H. Miller. South. Lbrman., Feb. 15, 1934.

LOGGING (continued)

- *Sawmills pay more for logs that are correctly bucked, by J. B. Cuno.
U. S. Dept. Agr. Yearbook Separate 1233. 1931.
- Selective cutting in cross tie operations, by R. D. Garver. Cross Tie
Bul., June 1929.
- Selective logging and Article X, by R. D. Garver. South. Lbrman., Aug.
15, 1934.
- Selective logging as a protective measure, by R. D. Garver. Ga. Forest
Serv. Bul. 11, p. 37-40. 1930.
- Selective logging in the national forests, by C. B. Morse. Timberman,
Nov. 1928.
- *Selective logging in the loblolly and longleaf pine forests of South
Carolina, by R. D. Garver and J. B. Cuno. Mimeo. R1056. Mar. 1935.
- *Selective logging in the loblolly pine-hardwood forests of the Middle
Atlantic Coast Plain with special reference to Virginia, by R. D.
Garver, J. B. Cuno, C. F. Korstian, and A. L. MacKinney.
Va. Forest Serv. Pub. 43. 1931.
- *Selective logging in the northern hardwoods of the Lake States, by Raphael
Zone and R. D. Garver. U. S. Dept. Agr. Tech. Bul. 164. 1930.
- *Selective logging in the shortleaf and loblolly pine forests of the Gulf
States Region, by R. D. Garver and R. H. Miller. U. S. Dept.
Agr. Tech. Bul. 375. 1933.
- *Selective logging of southern pine, by R. D. Garver. Lbr. Trade Jour.,
Apr. 1, 1930; South. Lbrman., May 1, 1930.
- *Selective logging vs. clear cutting in shortleaf pine, by R. D. Garver.
Lbr. Trade Jour., Oct. 15, 1930; South. Lbrman., Oct. 15, 1930.
- Tables for determining contents of standing timber in Minnesota, Michigan,
and Wisconsin, comp. by Cloquet Forest Experiment Station and the
Lake States Forest Experiment Station. Minnesota Agr. Experiment
Station Tech. Bul. 39. 1926.
- Terms used in forestry and logging. U. S. Forest Serv. Bul. 61. 1905. 5¢.
- Timber cutting by selective logging replacing old way, by Raphael Zon.
U. S. Dept. Agr. Yearbook 1927, p. 615-17. 1928.
- Timber growing and logging practice in the California pine region, by S. B.
Show and W. B. Greeley. U. S. Dept. Agr. Bul. 1402. 1926. 10¢.

LOGGING (continued)

- Timber growing and logging practice in the central hardwood region, by C. R. Tillotson and W. B. Greeley. U. S. Dept. Agr. Bul. 1491. 1917. 15¢.
- Timber growing and logging practice in the Coast redwood region of California, by S. B. Show and R. Y. Stuart. U. S. Dept. Agr. Tech. Bul. 283. 1932. 5¢.
- Timber growing and logging practice in the Douglas fir region, by T. T. Munger and W. B. Greeley. U. S. Dept. Agr. Bul. 1493. 1927. 15¢.
- *Timber growing and logging practice in the Lake States, by Raphael Zon. U. S. Dept. Agr. Bul. 1496. 1928.
- Timber growing and logging practice in the western white pine and larch-fir forests of the northern Rocky Mountains, by Elers Koch, R. N. Cunningham, and W. B. Greeley. U. S. Dept. Agr. Bul. 1494. 1927. Out of print.
- *White pine production cost and method studies in New England, Forest Products Laboratory Mimeo. R1077, Jan. 1936.
- Will sustained yield in lumber operation come through regulation or through competition? by F. J. Hallauer. Jour. Forestry, Nov. 1930.
- Woodman's handbook, by H. S. Graves. U. S. Forest Serv. Bul. 36. 1910. 25¢.

MANUFACTURE

- *Change in moisture content of lumber during rail shipment, by G. E. French. Sept. 1927. Forest Products Laboratory Mimeo. R826.
- *Concentration-yard operator can improve lumber from small mills, by C. J. Telford. Lbr. Trade Jour., Apr. 1, 1931; Amer. Lbrman., Apr. 11, 1931; South. Lbrman., Apr. 15, 1931.
- *Costs of plain and quarter-sawing southern white oak, by R. D. Garver and R. H. Miller. South. Lbrman., Feb. 15, 1936. Mimeo. R986.
- *How small southern pine mills can reduce their losses, by C. J. Telford. South. Lbrman., Mar. 15, 1933. (Same.--Some figures on profitable improvements among small southern pine mills. Mimeo. R985.)
- *An improved design for a portable band mill, by C. J. Telford. Forest Products Laboratory unnumbered mimeograph, Dec. 1935.

MANUFACTURE (continued)

Lumbering in the sugar and yellow pine region of California, by Swift Berry. U. S. Dept. Agr. Bul. 440. 1917. Out of print.

Lumber manufacture in the Douglas fir region, by H. B. Oakleaf. Pts. 1-25. Lumber, Feb. 16-Apr. 19, May 3-Aug. 30, 1920.

Manufacture and seasoning of oak, by D. G. White, Hardwood Record, Aug. 25, Sept. 10, 1921; South.Lbrman., July 30, 1921.

Mill scale study of red and white oak, by D. G. White, Amer. Lbrman., Oct. 12, 19, 1918.

*Operating small sawmills, methods, bibliography, and source of equipment, by C. J. Telford. Forest Products Laboratory Mimeo. R1083, Mar. 1936.

*Portable band sawmills, by R. D. Garver. Amer. Lbrman., July 26, 1930; Jour. Forestry, Dec., 1930.

Portable band sawmills and selective logging in second-growth loblolly pine, by R. D. Garver. Jour. Forestry, Jan. 1933.

Portable mill dipping tank, by C. J. Telford. South. Lbrman., Feb.15,1932.

Portable sawmills in the utilization of timber in eastern national forests, by S. H. Marsh. South. Lbrman., Nov. 6, 1926.

*Effect of resaw on output of single band mills in southern hardwoods, by R. D. Garver and R. H. Miller. Amer. Lbrman., May 27, 1933.

*Ripping and trimming shortleaf lumber to increase its value, by R. D. Garver. Lbr. Trade Jour., Apr. 15, 1929.

Sawmill cost accounting, by H. B. Oakleaf. West Coast Lbrman., Oct.15,1915.

Sawmill efficiency not measured by volume of production: Comparison of cutting up logs and sawing lumber in the Inland Empire. by M. Bradner. Timberman, June 1927.

Sawmill's indirect costs often ignored by farmer operators, by C. J. Telford. U. S. Dept. Agr. Yearbook, 1931, p. 469-71. 1931.

Sawmills profit by closely controlling thickness of boards, by C. J. Telford. U. S. Dept. Agr. Yearbook, 1931, p. 472-74. 1931.

MANUFACTURE (continued)

Small sawmill improvement, practical pointers to field agencies:

- *Items of cost usually ignored, Forest Products Laboratory Mimeo. R899, 1930.
- *Waste from variation in sawing precision. FPL Mimeo. R899-2. 1930.
- *When to move portable mills. FPL Mimeo. R899-3. 1931.
- *Partial list of wholesaling agencies handling products of small sawmills. FPL Mimeo. R929. 1931.
- *Accounting: Single logging chance as unit. FPL Mimeo. R899-4. 1931.
- *Dipping tanks and truck-loading scaffolds. FPL Mimeo. R899-6. 1931.
- *Hardwood grade stick. FPL Mimeo. R899-7. 1932.
- *Air seasoning at small mills. FPL Mimeo. R899-8. 1932.
- *A boilerless kiln for portable mills. FPL Mimeo. R899-9. 1933.
- *Layouts and sheds for small mills. FPL Mimeo. R899-10. 1933.
- *Setting up a ground mill. FPL Mimeo. R899-11. 1935.

Small sawmills, by D. F. Seerey. U. S. Dept. Agr. Bul. 718. 1918. Out of print.

*Small sawmill utilization of Appalachian hardwoods for ties, by R. D. Garver. Cross Tie Bul., Mar. 1931. Mimeo. R1086.

Study of the grades of lumber produced from California pine, fir, and cedar, by S. S. Berry. Timberman, Mar.-Apr. 1918.

Summary of mill scale study of maple, by D. G. White. Hardwood Record, Feb. 10, 1917; Amer. Lbrman., Feb. 10, 17, 1917.

Tests of Scandinavian gang saws on Pacific Coast, Report of the National Committee on Wood Utilization of the U. S. Dept. of Commerce. 1929. 10¢.

MARKETING (FARM AND WOODLOT TIMBER)

Amount of solid wood per cord of sticks of different diameters, by Lake States Forest Experiment Station, St. Paul, Minn. 1928.

*Cooperative marketing of woodland products, by A. F. Hawes. U. S. Dept. Agr. Farmers' Bul. 1100. 1920.

*Cutting the farm woods "profitwise," by R. D. Garver. U. S. Dept. Agr. Leaflet 30. 1928.

Farm woodlot timber: Its uses and principal markets, by G. N. Lamb. Purdue Univ., Extension Bul. 51. 1916.

*Forestry and farm income, by W. R. Mattoon. U. S. Dept. Agr. Farmers' Bul. 1117. 1920.

MARKETING (FARM AND WOODLOT TIMBER) (continued)

Forestry lessons on home woodlands, by W. R. Mattoon and Alvin Dille.
U. S. Dept. Agr. Bul. 863. Rev. 1930. 10¢.

*List of publications on wood-using industries and timber marketing as
issued by various states. Forest Products Laboratory Mimeo.
R926. 1931.

Logs from the woodlot may be sold profitably on a log-grade basis, by
R. H. Miller. U. S. Dept. Agr. Yearbook, 1932.

Making woodlands profitable in the southern states, by W. R. Mattoon.
U. S. Dept. Agr. Farmers' Bul. 1071. Rev. 1926. 5¢.

*Marketing dimension stock, by A. O. Benson. South. Lbrman., July 1,
1931; Wood Working Indus., July 1931; Hardwood Record., July
1931; American Lbrman., Aug. 22, 1931.

Marketing farm timber in South Carolina, by G. N. Lamb. Clemson Agr.
Col. Bul., Clemson College, S. C. 1918.

Marketing farm woodland products in Georgia, by G. N. Lamb. Ga. State
Col. Agr. Bul. 129. 1917.

Marketing farm woodlot products in Maine, by G. N. Lamb.
Univ. of Me., Col. of Agr. Ext. Serv. Bul. 113. 1917.

Marketing farm woodlot products in Missouri, by G. N. Lamb. Jour. of
Agr., St. Louis, Mo. Nov.-Dec. 1917, Jan. 1918.

Marketing woodlot products in Tennessee, by W. D. Sterrett. Tenn. State
Geol. Survey, Resources of Tenn., v. 7, No. 3. 1917.

Marketing of woodlot products, by W. D. Sterrett. Ky. State Forester,
2d Bien. Rept.

*Measuring and marketing of farm timber, by W. R. Mattoon and W. B.
Barrows. U. S. Dept. Agr. Farmers' Bul. 1210. 1921.

*Profits from farm woods, by W. R. Mattoon. U. S. Dept. Agr. Misc.
Pub. 87. 1930.

*Prospective markets for small hardwoods through mechanical and chemical
fabrication, by R. D. Garver. South. Lbrman., Dec. 15, 1930;
Central States Forestry Congress Proc. 1930, p. 163-70.

Status and value of farm woodlots in the eastern United States, by E. H.
Frothingham. U. S. Dept. Agr. Bul. 481. 1917. Out of print.

MARKETING (FARM AND WOODLOT TIMBER) (continued)

- Suggestions for marketing small timber, by Benton MacKaye. Wis. State Conserv. Com. Bul. 4. 1918.
- Timber measuring on the farm not a difficult task, by W. R. Mattoon. U. S. Dept. Agr. Yearbook, 1926, p. 712-14. 1927.
- Timber selling from the farm to consumers, by W. R. Mattoon. U. S. Dept. Agr. Yearbook, 1926, p. 714-16. 1927.
- Woodlots too valuable for pasture use, by C. R. Tillotson. U. S. Dept. Agr. Yearbook, 1926, p. 776-79. 1927.

GRADES, SPECIFICATIONS, AND STANDARDIZATION

- *An analysis of the grading of softwood yard lumber in the light of present information on defects and consuming requirements, by E. M. Davis. Forest Products Laboratory Mimeo. R971.
- Analysis of hardwood grade proposals. Forest Products Laboratory Report, 1927.
- Basic grading rules and working stresses for structural timbers as recommended by the Department of Agriculture, by J. A. Newlin and R. P. A. Johnson. U. S. Dept. Agr. Circ. 295. 1923. 5¢.
- Comparison of grade values in factory use, by G. E. French. South. Lbrman., Dec. 18, 1926.
- *The density of southern pine; its significance in terms of properties and grades, by E. M. Davis. South. Lbrman., Dec. 17, 1927.
- *Development of lumber standards, by E. M. Davis. Amer. Architect, July 20, 1926.
- *Explanation of American lumber standards, by C. V. Sweet. U. S. Dept. Agr. Misc. Pub. 107. 1931.
- Grade-marking of lumber for consumers' protection. Report of the National Com. on Wood Utilization of the Dept. of Commerce. 1928. 5¢.
- *Guide to the grading of structural timbers and the determination of working stresses, by T. R. C. Wilson. U. S. Dept. Agr. Misc. Pub. 185. 1934.
- *Hardwood grade stick, by A. C. Wollin. Forest Products Laboratory Mimeo. R899-7. 1932.

GRADES, SPECIFICATIONS, AND STANDARDIZATION (continued)

- *Hardwood grading studies -- sizes and quantities of rough cuttings required by hardwood consuming industries. Progress Rept. 4B. Abridged Feb. 6, 1930. Forest Products Laboratory Mimeo. 500.
- Hardwood grading studies -- report to subcommittee on grading rules -- Hardwood Consulting Committee. Progress Rept. 4A. (Summary in Hardwood Record, Apr. 25, 1925.
- *How lumber is graded, by H. S. Betts and R. K. Helphenstine. U. S. Dept. Circ. 64. Rev. 1933.
- Lumber grades suited for various kinds of buildings on the farm, by C. V. Sweet. U. S. Dept. Agr. Yearbook 1928, p. 439-41. 1929.
- *Lumber and log grades for southern hardwoods, by R. D. Garver and R. H. Miller. Forest Products Laboratory Mimeo. R980. 1933.
- Nearest comparable grades of yard lumber: Products cut from various species of softwoods. (Chart) U. S. Forest Serv., in cooperation with the Natl. Lbr. Mfrs. Assn., 3d ed. Rev. 1927.
- Need of a quality classification for Douglas fir, by J. A. Newlin. Amer. Soc. Testing Materials Proc. v. 16, Pt. 1, 1916, p. 340-43.
- Shrinkage of ties in seasoning, by A. T. Upson. Cross Tie Bul., May 1922.
- Size of timber, amount of defect, important factors in lumbering, by M. Bradner and S. V. Fullaway, Jr. Timberman, Dec. 1927-Apr. 1928.
- Some thoughts on hardwood lumber grading, by A. O. Benson. South. Lbrman., Dec. 20, 1924.
- Southern yellow pine timber and density grading rules, by O. T. Swan. Proc. of the 18th annual meeting of the Amer. Soc. Testing Materials, 1915.
- Standard grading specifications for yard lumber as recommended by the Dept. of Agriculture, by E. P. Ivory, and others. U. S. Dept. Agr. Circ. 296. Out of print. 1923.
- Standardization of softwood factory lumber grades, by E. M. Davis. West Coast Lbrman., Sept. 15, 1925.
- Standardization of lumber sizes and grades, by D. G. White, Jour. Forestry, Jan. 1921.
- Standard specifications for structural wood joist and planks, beams and stringers, and posts and timbers. Amer. Soc. Testing Materials Standards 1930, Pt. 2, p. 754-814. (D245-30) 25¢.

GRADES, SPECIFICATIONS, AND STANDARDIZATION (continued)

*Structural material: Extract from "Simplified practice recommendation R16-29, Lumber," of Bur. of Standards, Dept. of Commerce. Forest Products Laboratory Mimeo. R810, Feb. 1930.

United States government master specifications for lumber: softwood, yard, and factory (No. 533A), by U. S. Federal Specifications Board. Rev. 1927. (Mimeo.)

*Useless clause in pole specifications, by R. P. A. Johnson. Elect. World, Jan. 17, 1931.

*Why should hickory be graded on color specifications? by B. H. Paul. Wood Working Indus., Apr. 1925.

Wood selection rules help but should not be followed blindly, by A. O. Benson. U. S. Dept. Agr. Yearbook, 1928, p. 626-27.

Defects and Blemishes

Avoidable defects and sales appeal, by E. M. Davis. South. Lbrman., Mar. 15, 1932.

*Cause and prevention of glue stain. Forest Products Laboratory Tech. Note 225. 1921. Rev. 1934.

*Characteristic defects of softwood yard lumber, by E. M. Davis. Forest Products Laboratory Mimeo. R956. 1932.

Decays and discolorations in airplane woods, by J. S. Boyce. U. S. Dept. Agr. Bul. 1128. 1923. Out of print.

*The defect characteristics of cypress yard lumber, by E. M. Davis. Forest Products Laboratory Mimeo. R920a.

Destruction by the fungus, *Poria incrassata*, of coniferous timber in storage and when used in the construction of buildings, by C. J. Humphrey. West Coast Lbrman., Feb. 15, 1923.

Dry-rot in buildings and stored construction materials and how to combat it, by C. J. Humphrey and L. E. Miles. Ala. Polytech. Inst. Circ. 78. 1925.

"Grain" and "texture" with respect to wood: A plea for the closer discrimination in the use of the words, by Arthur Koehler. Hardwood Rec., Feb. 25, 1917.

GRADES, SPECIFICATIONS, AND STANDARDIZATION (continued)

Defects and Blemishes (continued)

- *Grain of the wood with special reference to the direction of the fibers, by Arthur Koehler. West Coast Lbrman., July 15, 1918; Sci.Amer. Sup., Sept. 7, 1918. Mimeo. R262.
- *Mill practices that influence the occurrence of sap stain in lumber, by Ira Hatfield. South. Lbrman., Aug. 15, 1935. Mimeo. R1070.
- Piling methods and blue stain losses, by E. E. Hubert. South. Lbrman., Nov. 1924.
- Pitch pockets and their relation to the inspection of airplane parts, by J. R. Watkins. Jour. Franklin Inst., Aug. 1919.
- Pith-ray flecks in wood, by H. P. Brown. U. S. Forest Serv. Circ. 215. 1913. Out of print.
- *Shrinkage in so-called "compression wood." Forest Products Laboratory Tech. Note B-12. 1919.
- Spiral and diagonal grain in wood, by Arthur Koehler. Indus. Arts Mag., May 1924.
- *Staining and molding of lumber and other wood products, by E. E. Hubert. Forest Products Laboratory Mimeo. 491. 1918.
- *Yellow stain on hardwood. Forest Products Laboratory Tech. Note 166. 1922.

UTILIZATION

General Reports

- *Artificial aging of wood for paneling. Forest Products Laboratory Mimeo. R965. Apr. 1932.
- Commercial woods of the Pacific Coast, by C. W. Gould, Timberman, Feb. 1920; Apr. 1922.
- *Efficient forest utilization, a major factor in an effective national forest policy, by C. P. Winslow. Jour. Forestry, Jan. 1924; Paper Trade Jour., Mar. 13, 1924. Misc. Mimeo.
- *Factory outlets for short length softwood yard lumber. Forest Products Laboratory Tech. Note 216.

UTILIZATION (continued)

General Reports (continued)

Genesis of a veteran of the forest, by R. D. Garver. Amer. Lbrman., Sept. 10, 1927.

Harvesting timber crops in the national forests of the East and South, by R. M. Evans. U. S. Dept. Agr. Misc. Circ. 75. Oct. 1926. Out of print.

Household uses for wood, by J. B. Knapp. Amer. Lbrman., May 22, 1915.

How wood losses occur, by R. H. Colley. Wood Preserving News, Dec. 1924.

*Industrial outlets for short-length softwood yard lumber, by E. M. Davis. U. S. Dept. Agr. Circ. 393. 1926.

Interdependence of utilization and silviculture, by E. H. Clapp. Jour. Forestry, Mar. 1926.

*Looking forward to better forest utilization, by C. P. Winslow. Amer. Lbrman., Jan. 4, 1930; South. Lbrman., Jan. 1, 1930.

Lumber used in the manufacture of wooden products, by J. C. Nellis, U. S. Dept. Agr. Bul. 605. 1918. Out of print.

Possibilities of more complete forest utilization in the Lake States, by integration of industries, by R. D. Garver. Amer. Lbrman., June 16, 1928.

*Properties and uses of some of the more important woods grown in Brazil, by E. E. Horn. Forest Products Laboratory Mimeo. 83. 1918.

Reducing degrade loss on southern pine by \$3 to \$4.50 per M, by A. C. Knauss. Lbr. Mfr. & Dealer, Oct. 31, 1924.

Relation of utilization to the profitable growing of trees, by C. P. Winslow. Address delivered at the Commercial Forestry Conference, Charleston, Dec. 4-5, 1929; West Virginia Wild Life, Mar. 1930; Jour. Forestry, Apr. 1930.

Report of the national conference on utilization of forest products, Washington, D. C., Nov. 19-20, 1924. U. S. Dept. Agr. Misc. Circ. 39. 1925. 20¢.

Role of utilization in industrial forestry, by R. D. Garver. South. Lbrman., Mar. 15, 1930.

Sap stain problem and a ten million dollar loss, by E. E. Hubert. Hardwood Record, Mar. 10, 1924; South. Lbrman., Feb. 16, 1924; Timberman, Feb. 1924; West Coast Lbrman., Mar. 15, 1924.

UTILIZATION (continued)

General Reports (continued)

Sawmill efficiency not measured by volume of production: Comparison of cutting up logs and sawing lumber in the Inland Empire, by M. Bradner. Timberman, June-Aug. 1927.

*Short lengths of softwoods in the industries, by E. M. Davis. Timberman, Sept. 1925; Amer. Lbrman., Aug. 15, 1925.

*Small sawmill utilization of Appalachian hardwoods:

Pt. 1 -- Lumber, by R. D. Garver and R. H. Miller. 1930. Forest Products Laboratory Mimeo. R888.

Pt. 2 -- Ties, timbers, and lumber, by R. D. Garver and J. B. Cuno. 1930. FPL Mimeo. R888. (Summary in Cross Tie Bul., Mar. 1931).

*Substitution of other materials for wood, by Rolf Thelen. U. S. Dept. Agr. Off. of Sec. Rept. 117. 1917.

Tie futures and forestry, by R. D. Garver. Cross Tie Bul., June 1931.

Uses of wood, by Filibert Roth. U. S. Dept. Agr. Yearbook, 1896. p. 391-420. 1897.

*Utilization of blue-stained lumber. Forest Products Laboratory Tech. Note 184. 1923.

Utilization of blue-stained wood, by E. E. Hubert. Timberman, Sept. 1922.

Utilization studies in the Douglas fir region, by W. H. Gibbons. Timberman, Aug. 1926.

Utilizing low-grade lumber in furniture, by B. D. Dain. Furn. Mfr. & Artisan, Nov. 1924.

Western woods for cores in veneered panels, by T. R. Truax. Furn. Mfr. & Artisan, Nov. 1923; Timberman, Nov. 1923.

*Wooden snow fencing for highways, by G. C. Morbeck. Amer. Lbrman., Dec. 10, 1932.

*Wood slat snow fence, by A. O. Benson. Forest Products Laboratory Mimeo. R1085. Apr. 1936.

Wood preservation and utilization in Europe, by G. M. Hunt. Railway Age, Jan. 29, 1927.

*Wood seats for stadiums, by R. M. Wirka. Eng. News-Record, Apr. 30, 1931. Mimeo. R1006.

UTILIZATION (continued)

General Reports (continued)

Wood waste prevention, by Rolf Thelen. In U. S. Dept. Agr. Misc. Circ. 39, p. 83-100. 1925. 20¢.

Woods for springboards, by R. P. A. Johnson. (Letter) Amer. Lbrman., Sept. 1, 1934.

By Species

Economic study of acacias, by C. H. Shinn. U. S. Dept. Agr. Bul. 9, 1913. Out of print.

Red alder of the Pacific Northwest: Its utilization with notes on growth and management, by H. M. Johnson and others. U. S. Dept. Agr. Bul. 1437. 1926. Out of print.

*Light weight ash should be separated in shipping, by B. H. Paul. Wood Working Indus., Mar. 1930.

*Relation of growth factors to wood quality -- white ash, by B. H. Paul. Lbr. Trade Jour., Oct. 1, 1929.

*Ash. U. S. Forest Serv. 1934. (Amer. woods.)

*Utilization of ash, by W. D. Sterrett. U. S. Dept. Agr. Bul. 523. 1917.

*Aspen. U. S. Forest Serv. 1928. (Amer. woods.)

*Aspen: Availability, properties, and utilization, by R. P. A. Johnson, Joseph Kittredge, Jr., and H. C. Schmitz. Minn. Agr. Exp. Sta. Tech. Bul. 70. 1930.

A forest that "just grew": Aspen, a weed species in the Lake States, demonstrates survival values and begins contributing to our forest wealth, by T. J. Mosley. Amer. Forests, Oct. 1931.

*Utilization of basswood, by W. D. Brush. U. S. Dept. Agr. Bul. 1007. 1922.

*Beech. U. S. Forest Serv. 1927. (Amer. woods.)

Uses of commercial woods of the United States: Beech, birches, maples, by Hu Maxwell. U. S. Dept. Agr. Bul. 12. 1913. Out of print.

*Birch. U. S. Forest Serv. 1928. (Amer. woods.)

UTILIZATION (continued)

By Species (continued)

Hardy catalpa, by W. L. Hall and Herman von Schrenk. U. S. Forest Serv. Bul. 37. 1902. Out of print.

*Alaska cedar. U. S. Forest Serv. 1927. (Amer. woods.)

*Incense cedar. U. S. Forest Serv. 1927. (Amer. woods.)

Incense cedar, by J. A. Mitchell. U. S. Dept. Agr. Bul. 604. 1918. Out of print.

*Northern white cedar. U. S. Forest Serv. 1927. (Amer. woods.)

*Port Orford cedar. U. S. Forest Serv. 1927. (Amer. woods.)

*Eastern red cedar. U. S. Forest Serv. 1928. (Amer. woods.)

*Western red cedar. U. S. Forest Serv. 1927. (Amer. woods.)

Western red cedar in the Pacific Northwest, by A. G. Jackson and J. B. Knapp. West Coast Lbrman., Feb. 1, Mar. 1, 1914.

*Western red cedar, its characteristics and uses, by R. M. Volkert. British Columbia Lbrman., Mar. 1924. Mimeo. R3.

*Southern white cedar. U. S. Forest Serv. 1931. (Amer. woods.)

Southern white cedar, by C. F. Korstian and W. D. Brush. U. S. Dept. Agr. Tech. Bul. 251. 1931. 25¢.

Chaparral, by F. G. Plummer. U. S. Forest Serv. Bul. 85. 1911. Out of print.

*Black cherry. U. S. Forest Serv. 1930. (Amer. woods.)

*Chestnut. U. S. Forest Serv. 1928. (Amer. woods.)

*Chestnut as a core wood, by G. C. Morbeck. Wood Workers Jour., Nov. 1930; Furn. Mfr., Nov. 1930; Appalachian Hardwood Club Brochure No. 4, Nov. 1930; Wood Construction, Oct. 15, 1930; Wood Working Indus., Oct. 1930.

*Chestnut poles from man-killed and blight-killed trees, by R. P. A. Johnson. Purchasing Agent, July 1931; Hardwood Record, Dec. 1930.

*Blight-infected chestnut as durable as sound chestnut. Forest Products Laboratory Tech. Note 174.

UTILIZATION (continued)

By Species (continued)

Getting the good of a doomed species (chestnut), by R. D. Garver. Hardwood Rec., Aug. 10, 1926.

*Inexpensive paneled rooms of chestnut, by C. V. Sweet. Good Housekeeping, Apr. 1932.

Logs and leather: The chestnut -- from tree to tannin, by M. A. Mattoon. Amer. Forests & Forest Life, Nov. 1926.

*Principal uses of chestnut, by G. C. Morbeck, R. P. A. Johnson, and C. V. Sweet. Hardwood Record, July 1931.

*The use of chestnut for boxing and crating, by R. P. A. Johnson. Purchasing Agent, Feb. 1931; Same.--Suitability of chestnut for boxes and crates, Barrel & Box & Packages, Jan. 1931.

*Utilization guide for blight-killed chestnut. Forest Products Laboratory Tech. Note 224.

*Cottonwood. U. S. Forest Serv. 1928. (Amer. woods.)

Cottonwood in the Mississippi Valley, by A. W. Williamson. U. S. Dept. Agr. Bul. 24, 1913. Out of print.

Southern cypress, by W. R. Mattoon. U. S. Dept. Agr. Bul. 272. 1915. Out of print.

*Southern cypress. U. S. Forest Serv. 1934. (Amer. woods.)

*Utilization of dogwood and persimmon, by J. B. Cuno. U. S. Dept. Agr. Bul. 1436. 1926.

*Elm. U. S. Forest Serv. 1927. (Amer. woods.)

*Utilization of elm, by W. D. Brush. U. S. Dept. Agr. Bul. 683. 1918.

Eucalyptus lumber, by H. D. Tiemann. Hardwood Record, Sept. 25, Oct. 10, 1913.

Is eucalyptus suitable for lumber? by H. D. Tiemann. Soc. Amer. Foresters Proc., Oct. 1913.

Utilization of California eucalyptus, by H. S. Betts and C. S. Smith. Forest Serv. Circ. 179. 1910. Out of print.

*Douglas fir. U. S. Forest Serv. 1930. (Amer. woods.)

UTILIZATION (continued)

By Species (continued)

- Properties and uses of Douglas fir, by McGarvey Cline and J. B. Knapp. U. S. Forest Serv. Bul. 88. 1911. Out of print.
- *Properties of white fir and their relation to the manufacture and uses of the wood, by R. P. A. Johnson and M. R. Brundage. U. S. Dept. Tech. Bul. 408. 1934.
- White fir lumber for small house construction, by R. P. A. Johnson. Amer. Lbrman., Dec. 14, 1929.
- *Greenheart: A timber with exceptional qualities, by A. K. Armstrong. Engin. News-Record, Jan 29, Feb. 6, 1916; Mimeo. R595.
- *Black gum is no longer a "black sheep": Now a valuable wood, by G. C. Morbeck. Memphis Lbrman., Apr.-May-June 1929.
- *Red gum. U. S. Forest Serv. 1928. (Amer. woods.)
- *Red gum: The versatile hardwood, by G. C. Morbeck. Memphis Lbrman., Jan.-Feb. 1932.
- *Eastern hemlock. U. S. Forest Serv. 1929. (Amer. woods.)
- *Eastern hemlock, by E. H. Frothingham. U. S. Dept. Agr. Bul. 152. 1915.
- *Western hemlock. U. S. Forest Serv. 1929. (Amer. woods.)
- *Properties of western hemlock and their relation to uses of the wood, by R. P. A. Johnson and W. H. Gibbons. U. S. Dept. Agr. Tech. Bul. 139. 1929.
- *Hickory. U. S. Forest Serv. 1929. (Amer. woods.)
- Commercial hickories, by A. T. Boisen and J. A. Newlin. U. S. Forest Serv. Bul. 80. 1910. Out of print.
- *How growth affects quality in hickory and ash, by B. H. Paul. Hardwood Record, Jan. 10, 1925.
- *Quality of Appalachian hickory, by B. H. Paul. South. Lbrman., Apr. 6, 1929.
- *Red hickory as strong as white hickory. Forest Products Laboratory Tech. Note 171. 1922.
- *Western larch. U. S. Forest Serv. 1930. (Amer. woods.)

UTILIZATION (continued)

By Species (continued)

- *Properties of western larch and their relation to uses of the wood, by R. P. A. Johnson and M. Bradner. U. S. Dept. Agr. Tech. Bul. 285. 1932.
- *Black locust. U. S. Forest Serv. 1932. (Amer. woods.)
- *Utilization of black locust, by J. B. Cuno. U. S. Dept. Agr. Circ. 131. 1930.
- Identification of true mahogany, certain so-called mahoganies, and some common substitutes, by Arthur Koehler. U. S. Dept. Agr. Bul. 1050. 1922. Out of print.
- True mahogany, by C. D. Mell. U. S. Dept. Agr. Bul. 474. 1917. Out of print.
- *Maple. U. S. Forest Serv. 1928. (Amer. woods.)
- *Utilization of bigleaf maple of the Pacific Northwest, by H. M. Johnson. U. S. Dept. Agr. Circ. 225. 1932.
- *Oak. U. S. Forest Serv. 1929. (Amer. woods.)
- Emery oak in southern Arizona, by F. J. Phillips. U. S. Forest Serv. Circ. 201. 1912. Out of print.
- Overcup oak for lumber, by R. D. Garver. South. Lbrman., Mar. 1935.
- Swamp chestnut oak for lumber, by R. D. Garver. South. Lbrman., Aug. 15, 1934.
- Substitution of oak for other woods, by D. G. White. Hardwood Record, Aug. 10, 1921; South. Lbrman., July 23, 1921.
- Tanbark oak and the tanning industry, by W. L. Jepson. U. S. Forest Serv. Bul. 75. 1911. Out of print.
- Water oak for lumber, by R. D. Garver. South Lbrman., June 15, 1934.
- White oak in the southern Appalachians, by W. B. Greeley and W. W. Ashe. U. S. Forest Serv. Circ. 105. 1907. Out of print.
- Osage-orange waste as a substitute for fustic dyewood, by F. W. Kressman. U. S. Dept. Agr. Yearbook Separate 670. 1915. Out of print.
- Utilization of Osage-orange, by Hu Maxwell. Chicago Natl. Implement & Vehicle Assn. 1911.

UTILIZATION (continued)

By Species (continued)

- *Pecan: Its characteristics and uses, by G. C. Morbeck. Memphis Lbrman., June 1927.
- Jack pine, by W. D. Sterrett. U. S. Dept. Agr. Bul. 820. 1920. Out of print.
- Loblolly or North Carolina pine, by W. W. Ashe. N. C. Geol. & Econ. Survey Bul. 24. 1915.
- *Lodgepole pine. U. S. Forest Serv. 1927. (Amer. woods.)
- Utilization and management of lodgepole pine in the Rocky Mountains, by D. T. Mason. U. S. Dept. Agr. Bul. 234. 1915. 15¢.
- Longleaf pine, by W. R. Mattoon. U. S. Dept. Agr. Bul. 1061. 1922. 15¢.
- *Northern white pine. U. S. Forest Serv. 1934. (Amer. woods.)
- Norway pine in the Lake States, by T. S. Woolsey and H. H. Chapman. U. S. Dept. Agr. Bul. 139. 1914. Out of print.
- *Ponderosa pine. U. S. Forest Serv. 1934. (Amer. woods.)
- Shortleaf pine: Its economic importance and forest management, by W. R. Mattoon. U. S. Dept. Agr. Bul. 308. 1915. Out of print.
- *Shortleaf pine: The lumber-making qualities of second-growth and virgin-growth timber, by E. M. Davis. South. Lbrman., Dec. 15, 1929.
- Utilization of shortleaf pine at small mills, Ouachita National Forest, Arkansas, by L. D. Garver and R. H. Miller. Forest Products Laboratory Memo. R67. 1928.
- Small sawmill utilization of shortleaf pine, by R. D. Garver. South. Lbrman., Nov. 5, 1927.
- *The southern pines, U. S. Forest Serv. 1934. (Amer. woods.)
- Southern pine forestry in 1950, by R. D. Garver. South. Lbrman., Oct. 1, 1929; Lbr. Trade Jour., Oct. 1, 1929; Amer. Lbrman., Sept. 21, 1929.
- *Southern yellow pine. Forest Products Laboratory Tech. Note 214.
- Sugar pine, by L. T. Larsen and T. D. Woodbury. U. S. Dept. Agr. Bul. 426. 1916. Out of print.

UTILIZATION (continued)

By Species (continued)

*Sugar pine. U. S. Forest Serv. 1934. (Amer. woods.)

*The white pines. Forest Products Laboratory Tech. Note 215.

*Western white pine. U. S. Forest Serv. 1934. (Amer. woods.)

Western yellow pine in Arizona and New Mexico, by T. S. Woolsey. U. S. Forest Serv. Bul. 101. 1911. Out of print.

Western yellow pine in Oregon, by T. T. Munger. U. S. Dept. Agr. Bul. 418. 1917. Out of print.

*Balsam poplar. U. S. Forest Serv. 1928. (Amer. woods.)

*Yellow poplar. U. S. Forest Serv. 1929. (Amer. woods.)

Yellow poplar, the money maker, by W. W. Ashe. South. Lbrman., Dec. 18, 1926.

Quebracho wood and its substitutes, by C. D. Mell and W. D. Brush. U. S. Forest Serv. Circ. 202. Out of print.

*California redwood, its properties and uses, by R. M. Volkert. Forest Products Laboratory Mimeo. R815. 1925.

*Redwood. U. S. Forest Serv. 1934. (Amer. woods.)

*The strength and related properties of redwood, by R. F. Luxford and L. J. Markwardt. U. S. Dept. Agr. Tech. Bul. 305. 1932.

*Eastern spruce. U. S. Forest Serv. 1934. (Amer. woods.)

*Sitka spruce. U. S. Forest Serv. 1931. (Amer. woods.)

Utilization of sycamore, by W. D. Brush. U. S. Dept. Agr. Bul. 884. 1920. Out of print.

*Tupelo. U. S. Forest Serv. 1928. (Amer. woods.)

Uses of western woods, by E. J. Hanzlik (in his Trees and Forests of Western United States, p. 118-24). Portland Ore., Four-L-Lbr. News, 1928. \$2.50.

Black walnut for timber and nuts, by W. R. Mattoon and C. A. Reed. U. S. Dept. Agr. Farmers' Bul. 1392. 1924. Rev. 1933. 5¢.

Sitka spruce: Its uses, growth, and management, by N. L. Cary. U. S. Dept. Agr. Bul. 1060. 1922. Out of print.

UTILIZATION (continued)

By Species (continued)

Selling black walnut timber, by W. D. Brush. U. S. Dept. Agr. Farmers' Bul. 1459. Rev. 1926. 5¢.

*Utilization of black walnut, by W. D. Brush. U. S. Dept. Agr. Bul. 909. 1921.

Circassian walnut, by G. B. Sudworth and C. D. Mell. U. S. Forest Serv. Circ. 212. 1913. Out of print.

Willows: Their growth, use, and importance, by G. N. Lamb. U. S. Dept. Agr. Bul. 316. 1915. Out of print.

Basket willow culture, by G. N. Lamb. U. S. Dept. Agr. Farmers' Bul. 622. 1914. 5¢.

By States

*List of publications on wood-using industries and timber marketing as issued by various states. Forest Products Laboratory Mimeo. R926. 1931.

By Industries

Aircraft

Aircraft woods: Their properties, selection, and characteristics, by L. J. Markwardt. Report No. 354, Natl. Advisory Committee for Aeronautics. 1930. 20¢.

*Future of wood in aircraft construction, by G. W. Trayer. South. Lbrman., Dec. 15, 1930.

Wood in aircraft construction. Prepared by the Forest Products Laboratory. U. S. Navy, Bur. of Construction & Repair. Aircraft design data Note No. 12. 1919. Out of print.

Buildings

Selection of lumber for farm and home building, by C. V. Sweet and R. P. A. Johnson. U. S. Dept. Agr. Farmers' Bul. 1756. Apr. 1936. 5¢.

UTILIZATION (continued)

By Industries (continued)

Containers

*Brief description of the manufacture of beer and whiskey barrels, Forest Products Laboratory Mimeo. R1030. May 1934.

*Description of the tests made of southern hardwoods for butter boxes and tubs. Barrel & Box & Packages, Oct. 1934.

*Oak beer barrels must prepare to meet keen competition, by R. P. A. Johnson. Brewery Age, Jan. 1934. Mimeo. R1027.

Tests of woods for butter containers with reference to imparting odor and flavor, by E. M. Davis. U. S. Dept. Agr. Misc. Pub. 250. 1936. ϕ .

*A treatment for red oak beer kegs. Misc. Mimeo. Mar. 1934.

*Use of wood by the fruit and vegetable industries of Florida, by J. B. Cuno. Mimeo. R1097. July 1936.

Cross Arms

Strength tests of cross-arms, by T. R. C. Wilson. U. S. Forest Serv. Circ. 204. 1912. Out of print.

Furniture

Chair manufacture in Oregon and Washington, by W. H. Gibbons and H. M. Johnson. West Coast Lbrman., May 1, 1925.

Economic development of the furniture industry of the South and its future dependence upon forestry, by C. F. Korstian. N. C. Div. of Forestry, Econ. Paper 57. 1926.

Oregon and Washington furniture industry, by W. H. Gibbons and H. M. Johnson. Timberman, Apr. 1925.

UTILIZATION (continued)

By Industries (continued)

Planing Mill Products

*Doors made from lumber of different moisture values, by J. B. Cuno. Wood Working Indus., Feb. 1932.

*Wooden doors, by G. E. Heck. Timberman, Apr. 1936. Mimeo. R1104.

Poles and Posts

Pole timber of the Northwest: Detailed data covering an important branch of the Pacific Northwest lumber industry, by W. H. Gibbons. West Coast Lbrman., May 1, 1926.

Tests of Rocky Mountain woods for telephone poles, by N. DeW. Betts and A. L. Heim. U. S. Forest Serv. Circ. 67. 1914. Out of print.

Ship Building

Douglas fir ship building, by H. B. Oakleaf. Portland, Ore. Peninsula Shipbuilding Co., 1916.

Ties and Timbers

Application of mechanical power in tie production, by C. J. Telford. Cross Tie Bul., Sept. 1936.

Cross ties bought by weight in Belgium, by G. M. Hunt. Cross Tie Bul., Nov. 1926.

Importance of cross tie industry in our program of forest thrift, by R. D. Garver. Natl. Assn. Railroad Tie Producers' Proc. 1926, p. 63-9.

*Small sawmill utilization of Appalachian hardwoods for ties, by R. D. Garver and J. B. Cuno. Cross Tie Bul., Mar. 1931. Mimeo. R1086.

*Tests indicate the suitability of woods for crossties, by L. J. Markwardt. Ry. Eng. & Maintenance, Jan. 1931. Mimeo. R910.

UTILIZATION (continued)

By Industries (continued)

Ties and Timbers (continued)

Mine timber, its selection, storage treatment and use, by R. R. Horner and H. E. Tufft. Bur. of Mines, Dept. Interior in cooperation with the Forest Serv., Dept. Agr., U. S. Bur. Mines Bul. 235. 1925. 30¢.

Rocky Mountain mine timbers, by N. DeW. Betts. U. S. Dept. Agr. Bul. 77. 1914. Out of print.

Strength of mine timbers, by R. P. A. Johnson. Mining Cong. Jour., Feb. 1924.

Vehicles

Lumber used in motor vehicle manufacture, by Arthur Koehler. Automotive Indus., May 26, 1921.

Suitability of various woods for use in heavy wagons, by D. G. White. South. Lbrman., Dec. 20, 1919.

Tests of vehicle and implement woods, by H. B. Holroyd and H. S. Betts. U. S. Forest Serv. Circ. 142. 1908. Out of print.

Wood in automobile body, by A. T. Upson and L. N. Ericksen. Soc. Automotive Engin. Jour., Feb. 1924.

Veneer and Plywood

*Manufacture of veneer. Forest Products Laboratory Mimeo. R285. 1925.

*Properties of ordinary wood compared with plywood. Forest Products Laboratory Tech. Note 131.

Protection of flush veneered entrance doors, by W. E. Griffie. Millwork, March 1930.

UTILIZATION (continued)

By Industries (continued)

Miscellaneous

- Data on hockey stick manufacture, by C. V. Sweet. Wood Working Indus., June 1932.
- *Excelsior and its manufacture. Forest Products Laboratory Misc. Mimeo. 1932.
- *Hickory for handles, by R. K. Helphenstine, Jr. Wood Turning, Feb. 1920.
- Production of maple sirup and sugar, by A. H. Bryan and others. U. S. Dept. Agr. Farmers' Bul. 1366. 1924. Out of print.
- *Use of wood in American machinery, by G. C. Morbeck. Hardwood Record (beginning in July 1936 issue). Mimeo. R1100.
- *Use of wood in chemical apparatus, by A. W. Schorger. Metall. & Chem. Engin., May 15, 1918; Mimeo. R512.
- Woods for springboards, by R. P. A. Johnson. (Letter) Amer. Lbrman., Sept. 1, 1934.

Waste

- Better forestry through better utilization, by A. T. Upson. Jour. Forestry, May 1922.
- Briquetting of sawdust on a commercial basis, by Rolf Thelen. Amer. Lbrman., Jan. 9, 1915.
- *Briquetting of wood waste. Forest Products Laboratory Mimeo. R842. 1929.
- Cost of burning sawmill refuse, by Rolf Thelen. Amer. Lbrman., Apr. 22, 1916.
- *Limitations to the use of sawdust. Forest Products Laboratory Tech. Note 167. 1922.
- *Outlets for wood waste. Forest Products Laboratory Mimeo. 64. 1934.
- *Putting wood waste to work, by S. T. Dana. U. S. Dept. Agr. Yearbook Separate 856. 1920.

UTILIZATION (continued)

Waste (continued)

Sawdust and wood flour. Report of Natl. Committee on Wood Utilization, Dept. of Commerce. 10¢.

*Use of sawdust and shavings. Forest Products Laboratory Mimeo. R944. 1932.

*Utilization of wood formerly wasted, by T. J. Mosley. Mfrs. Record, Mar. 3, 1932.

*Chemical utilization of wood waste, by L. F. Hawley. Jour. of Forestry, Feb. 1931. Mimeo. R945.

*Wood flour: A general statement of the manufacture and use of wood flour and the status of the industry. Forest Products Laboratory Mimeo. R565. 1934.

Small Dimension Stock

*Advantages of ready-cut dimension stock. Forest Products Laboratory Tech. Note 178.

*Better bundling of dimension stock, by A. O. Benson. South. Lbrman., Dec. 15, 1932.

Clearing a right of way for small dimension stock, by A. O. Benson. Hardwood Record, Oct. 25, 1924.

*Cutting the full woods run to dimension, by A. O. Benson. Wood Working Indus., June 1925.

*Cutting sizes of furniture lumber, by A. O. Benson. Furn. Mfr., May 1928.

Dimension lumber industry of the northeastern states, by R. M. Volkert. Wood Working Industries, June-Sept. 1927.

*Dimension stock: Careful piling for air seasoning minimizes loss, by A. O. Benson. Amer. Lbrman., July 4, 1931; South. Lbrman., Nov. 15, 1930.

*Dimension stock from hardwoods of the Lake States, by A. O. Benson. Hardwood Record, Mar.-Apr. 1931; Amer. Lbrman., June 27, 1931.

UTILIZATION (continued)

Small Dimension Stock (continued)

- *Dimension stock marketing, by A. L. Benson. South. Lbrman., July 1, 1931; Amer. Lbrman., Aug. 22, 1931; Wood Working Indus., July 1931; Hardwood Record, July 1931.
- *Dimension stock methods for New England hardwoods, by A. O. Benson. U. S. Dept. Agr. Circ. 394. 1936.
- *Dimension stock production cost keeping, by A. O. Benson. South. Lbrman., May 15, 1931; Hardwood Record., June 1931; Wood Working Indus., May 1931; Amer. Lbrman., Aug. 15, 1931.
- *Dimension stock -- warping of maple and birch cut-up material, by O. W. Torgeson. Amer. Lbrman., Sept. 12, 1932.
- Drying birch dimension stock for chairs, by R. H. Grabow. Furn. Mfr. & Artisan, Oct. 1924.
- Greater yield from logs, by A. O. Benson. South. Lbrman., Oct. 18, 1924.
- Laboratory's investigations of the wood turning industry, by A. T. Upson. Wood Turning, Aug. 1923.
- *Manufacture of dimension stock from northern hardwoods, by A. O. Benson. U. S. Dept. Agr. Circ. 163. 1931.
- Production and use of small dimension stock in the chair industry, by A. T. Upson and A. O. Benson. Chicago Assn. of Wood-Using Indus., 1923. \$2.25.
- *Seasoning of dimension stock, by O. W. Torgeson. (Pt. 1) Wood Working Indus., June 1932, (Pt. 2) Furn. Index, Oct. 1932.
- Small dimension stock, its production from lumber at the factory, by A. T. Upson. Lbr. Trade Jour., July 1, 1922; Natl. Hardwood Lbr. Assn. Proc., June 22-23, 1922.
- Small dimension stock, its seasoning, handling, and manufacture. Rept. of Natl. Com. on Wood Utilization, U. S. Dept. Com. 10¢.
- Standardization and the dimension stock problem with special reference to wood turning, by A. T. Upson. Wood Turning, July 1921.
- Taking stock of dimension stock, by A. O. Benson. Memphis Lbrman., Mar. 1930.

MISCELLANEOUS

- Check list of the forest trees of the United States, their names and ranges, by G. B. Sudworth. U. S. Dept. Agr. Misc. Circ. 92. Rev. 1927. Out of print.
- *Effect of time of cutting timber on its durability. Forest Products Laboratory Tech. Note F-15. 1919.
- *Fifty years ahead -- a research viewpoint, by C. P. Winslow. Forest Products Laboratory Mimeo. R1072. Nov. 1935.
- *The Forest Products Laboratory, by F. J. Champion. Forest Products Laboratory Mimeo. R940. Apr. 1932.
- *Government publications of general interest on wood and trees. Forest Products Laboratory Tech. Note D-6. Rev. 1931.
- *Hardwoods of the South. Forest Products Laboratory pamphlet. Dec. 1935.
- *Holding the market for wood, by C. V. Sweet. South. Lbrman., Dec. 15, 1935. Mimeo. R1103.
- *A hundred definitions pertaining to wood and other forest products. Forest Products Laboratory Tech. Note 240. 1932.
- Influence of growth conditions upon the properties of wood, by B. H. Paul. Jour. Forestry, Nov. 1924.
- *List of lumber manufacturing, wood-using, and allied associations. U. S. Forest Serv., 1936.
- *Log buildings, by S. A. Witzel. University of Wisconsin, Extension Serv. Stencil Circ. 158. Mar. 1935.
- *Making log cabins endure, by G. M. Hunt. Mimeo. R982. June 1933.
- *Partial list of dealers in foreign woods. Forest Products Laboratory Mimeo. R887. Nov. 1929.
- *Power pruning, by J. B. Cuno. Jour. Forestry, Aug. 1935.
- *Research in forest products, annual report 1935. Forest Products Laboratory Mimeo. R1068. Same.--Annual report 1936, FPL Mimeo. R1098.
- *Sawmill and factory wood-by-products exchange:
List of buyers. Forest Products Laboratory Mimeo., May 1930.
List of sellers. Forest Products Laboratory Mimeo., May 1930.

MISCELLANEOUS (continued)

- *Sidelights on southern hardwoods, by E. M. Davis. South. Lbrman., Dec. 15, 1934.
- *Some books on wood. Forest Products Laboratory Mimeo. R399. 1932.
- *Subject index to technical notes. Forest Products Laboratory.
- *Texture of southern hardwoods and locality of growth, by E. M. Davis. South. Lbrman., Dec. 15, 1933.
- *Turning qualities of southern hardwoods, by E. M. Davis. Hardwood Record, Aug. 1935; Memphis Lbrman., Aug. 1935. Mimeo. R1101.
- United States as a market for tropical forest products, by W. B. Greeley. Pan-American Union Bul. 3. Apr. 1925.
- Use of logs and poles in farm construction, by T. A. H. Miller. U. S. Dept. Agr. Farmers' Bul. 1660. 1935. 5¢.
- *Weights of various woods grown in the United States. Forest Products Laboratory Tech. Note 218. Rev. 1931.
- Wood utilization, by J. B. Cuno. Penn State Sylvan, 1936.
- Wood handbook: Basic information on wood as a material of construction with data for its use in design and specifications, by Forest Products Laboratory. U. S. Dept. Agr. unnumbered publication, Sept. 1935. 25¢.

STATISTICS OF PRODUCTION AND CONSUMPTION

(Publications of the U. S. Bureau of the Census)

Cooperage -- See Lumber.

Distillation -- 1932. Wood distillation and charcoal manufacture, 1931. 5¢.

Excelsior -- See General: Forest products.

General: Forest Products -- Manufactures, 1929, miscellaneous forest products industries (15th census, 1930). 1932. 15¢.

1927. Forest products. 1930. (Biennial census of manufactures, 1927, p. 462-549) \$1.75.

Lumber -- 1934. Forest products: Lumber, lath, and shingles. 1933. 5¢.
(Issued biennially, 1922 to date.)

1934. *Lumber, distribution, and consumption, 1934.

1933. Principal lumber industries, lumber and timber products, planing-mill products, boxes, wooden cooperage. 1931. 5¢. (Issued biennially, 1925 to date.)

1932. Lumber used in manufacture: 1933 summary tables: Canvass conducted in cooperation with the U. S. Dept. of Com., Bur. of the Census: Preliminary statistics, forest survey of the United States. Published by U. S. Forest Serv., 1934.

1925. Lumber and allied products. 1927. (Census of manufactures, 1925.) 15¢.

Mines -- 1923. Forest products: Mine timber used underground. 1925. 5¢.

Poles -- 1929. Forest products: Crossties and poles purchased and preserved. 1931. 5¢.

Pulpwood -- 1932. Forest Products: Paper and paper board, production and paper-making equipment in use, pulpwood consumption, and wood-pulp production. 1933. 5¢.

1929. Paper and allied products, paper pulp (wood and other fiber), converted paper products, pulpwood consumption, and wood pulp production. 1931. (15th census, 1930) 15¢.

Tanbark -- 1923. Forest products: Consumption of vegetable tanning materials. 1924. 5¢.

STATISTICS OF PRODUCTION AND CONSUMPTION (continued)

Ties -- 1929. See Poles.

Veneers -- 1929. See Lumber.

OTHER LISTS OF PUBLICATIONS

Forestry, tree planting, wood tests, and lumber industries: List of publications relating to above subjects for sale by Superintendent of Documents, Government Printing Office, Washington, D. C. 30th edition, Price List No. 43, 1936.

Index to publications of the United States Department of Agriculture, 1901-1925, by M. A. Bradley assisted by H. G. Hunt. Government Printing Office, Washington, D. C. 1932. \$3.25.
Same. Supplement, 1926-30, 1935. \$1.50.

OTHER PUBLICATION LISTS ISSUED BY THE
FOREST PRODUCTS LABORATORY

The following lists of publications which deal with the other investigative projects of the Forest Products Laboratory are obtainable upon request.

Boxing and Crating

Strength and serviceability of shipping containers, methods of packing.

Chemistry of Wood and Derived Products

Chemical properties and uses of wood and chemical wood products, such as turpentine, alcohol, and acetic acid.

Fungous Defects in Forest Products (Pathology
in cooperation with the Bureau of Plant Industry)

Heart rots of trees; decay, molds, and stains in timber, in buildings, and in wood products; antiseptic properties of wood preservatives.

Glue and Plywood

Development of waterproof glues, preparation and application of various glues, plywood manufacturing problems.

Growth, Structure, and Identification of Wood

Structure and identification of wood; the effect of cellular structure of wood on its strength, shrinkage, permeability, and other properties; the influence of environmental factors such as light, soil, moisture, and fire, on the quality of wood produced; and secretions of economic value produced by trees and their exploitation.

Mechanical Properties of Timber

Strength of timber and factors affecting strength; design of wooden articles or parts where strength or resistance to external forces is of importance.
